Remittance Terms and Conditions

For existing SBI UK customers (those who hold either a current or savings account with SBI UK), we will only process remittance payments which are funded from their account or their non SBI UK debit cards

- We will apply the remittance rate available only after the funds have cleared. For UK debit card payments the remittance will be processed at the rate available at the time of the request.

For non SBI UK customers (those who do not hold either a current or savings account with SBI UK), we allow remittances funded by UK debit card.

When using a UK Debit Card, customers can transfer maximum amount of £5000* (inclusive of the charge) in a day as a single transaction. Remittance can be done ONLY by the Card holder and the name should match with the Identification proof. We will apply the remittance rate available after the funds have cleared

If you are not an SBI UK customer, we will require the following identification documents for remittance transactions:

- a valid passport or a UK photocard driver's license.
- a utility bill or bank statement less than 3 months old.

Incomplete remittance forms may be rejected and the bank shall not be responsible for any losses incurred as a result.

If your remittance request has been accepted but not yet processed, any subsequent cancellation or amendment to the request will be processed as a separate transaction and charges will be applied accordingly. Please refer to the Tariff of Charges for further details.

If your account does not have sufficient funds at the time of processing the remittance, we will not process the transaction and you will have to submit a new remittance request.

If a new remittance request is subsequently submitted, we will use the exchange rate available at the time of processing the new request, NOT the exchange rate for the initial remittance request.

Remittances to SBI branches in India will normally take one business day after the receipt of cleared funds. For example, if the remittance is processed on Tuesday it should be received on Wednesday, if not earlier. For other banks in India, the remittance will normally take 2 to 3 business days after the funds have cleared to reach the nominated account. We will send the payment to the nominated account using the information provided.

Please refer to our tariff of charges for details of our charges.

We encourage the remitters to confirm the receipt of the funds with the beneficiary within a reasonable time frame. Any non-receipt of payment should be advised to us within 7 working days.

Before making any remittances to any charitable organizations, please ensure that they have permission to receive a donation from abroad.

We are not liable for any losses incurred resulting from the actions of a third party. Under no circumstances will the bank be liable for any consequential damages. We will not be liable for any losses resulting from the following reasons:

- defective request or insufficient, incomplete or incorrect details in your instruction to us;
- if we need to investigate any transaction to comply with anti-money laundering legislation;
- to comply with our legal or regulation obligations;
- order by a competent court;
- order or stipulation by any other law enforcing body; and/or
- business disruption on account of natural calamity, riot, war, terrorist activity, industrial action, equipment failure or any such event which is out of control.

Should your remittance request be unsuccessful as a result of incorrect information provided by you, we will not be liable for this error where the payment is not received. This could be an incorrect IFSC code, Branch code, account number or any other incorrect information. The bank will not be liable for any consequential damages or loss under any circumstances. In such scenarios, the bank will refund the returned amount to the person

making the remittance. The refund will be made in GBP and the exchange rate applied will be higher of the following

- the exchange rate on the date of the refund plus INR 0.50
- or the exchange rate at the date of the remittance plus INR 0.50;

A charge of £10.00 will apply to all returned payments

In the event a payment is processed incorrectly, we will seek to recover the payment at the earliest opportunity. If this result in an account which you control receiving a payment made in error, you agree to notify the bank immediately and indemnify the bank in relation to this particular payment. In these circumstances you authorize the bank to recover any excess amount remitted.
